## Maritime Museum

Yesterday we all went on a coach to Liverpool and it was a very long time. And then we went in the Maritime Museum and then we learned more about the Titanic and then we listened to a story and it was called Polar the Titanic and we did some activity about the story but I didn't do the activity. And then we looked at the Museum. And then I had my lunch and my lunch was very yum. And then we went back to the coach and well I was working I saw a model of the Titanic floating on the water and then we got to the coach and it took a long time to get back when we got back we were late for home time.
