

Try Hard, Work Hard, Achieve More

Scholar Green Primary School is a place where we aim to inspire each individual with a love of learning.

Our children and parents see our school as a 'family' who work together to encourage our pupils to try hard, work hard and achieve more. We set the well-being and learning of our children as the highest priority by promoting an ethos in which all children are valued and relationships are based on respect, honesty and trust. We have high expectations of the quality of teaching and learning. Through effective teaching and a meaningful curriculum we aim to make learning vivid, real and enjoyable. Our happy, safe and caring environment encourages and challenges children to be active, creative, independent and self-critical learners who are resilient and not afraid of making mistakes.

Our School Golden Rules

In our school:

We always tell the truth

We try our best

We listen carefully

We treat things with respect

We are kind to everyone

SCHOLAR GREEN PRIMARY SCHOOL

Governors and staff at Scholar Green believe that the education of your child should be a co-operative venture. By accepting a place at Scholar Green Primary School we expect all parents, carers and children to support this agreement and all our other school policies which can be found on our school website www.scholargreen.cheshire.sch.uk
